## TONE

that is not the only reason why you should buy a Columbia Grafonola

The Columbia tone is a result—and the Columbia Grafonola embodies the causes in its mechanical and structural superiority; in the form and construction of its tone-chamber and its reproducer and tone-arm; in its silent and powerful motor; in its tone-control "leaves" which have supplanted the old idea of "doors," and in the expert and workmanlike assembling of all its parts and down to every last detail of its cabinet work.

Ask us to show you the Columbia Grafonola "Favorite"—price \$50. Or we will send a "Favorite" with an outfit of records to your home on approval. Convenient terms of purchase may be arranged.

### IMPORTANT NOTICE

All Columbia instruments will play Victor Records; likewise, all Columbia Records can be played on Victor Talking Machines.

Big July sweeping clean-up sale at Fitts'.

Mrs. R. J. Brown of 74 Summer street is confined to her home by illness.

E. A. Brown of Wellington street returned last night from a few days' business visit to Boston.

N. B. Barlow of French street left today for Waterbury, where he will remain for a few days on business.

Miss Mabel T. Winch of East Arlington is the guest of her aunt, Mrs. E. Keith, on Patterson street for a few days.

Mr. and Mrs. Frank E. Robinson of French street returned yesterday afternoon from Grand Isle, where they have been passing the last two weeks.

Mrs. Martha J. Blake and daughter, Miss Dorothy Blake, of Tampa, Fla., are passing the summer with Mr. and Mrs. George Bellows of Elm street.

The Boston Red Sox defeated Island Pond, 10 to 1, at Island Pond yesterday and moved on to Sherbrooke, P. Q., where they are scheduled to play today.

Ice creams of the better quality, vanilla, pineapple and cream lemon sherbet, vanilla and lemon sherbet bricks, packed and delivered for your desserts. L. B. Dodge.

Court Granite City, S. of B. A. will meet in Eagle hall, Worthen block, this evening at 7:30. Installation of officers and initiation. Every member is requested to be present. Per order chairman.

Regular meeting of lopers, boxers and derickmen, No. 50, will be held in Foresters' hall Tuesday evening, July 22, at 7:30. Per order Cor. Sec. Thos. Holdier.

Funeral services for Serafino Frontini, whose death occurred at his home, 15 Foss street Friday forenoon, after a prolonged illness, will be held at the house to-morrow afternoon at 2 o'clock. The interment will be made in Hope cemetery.

Rev. A. C. Griffin, acting pastor of St. Monica's church, returned to-day from Isle La Motte, where he has been passing a few days at the Burlington cathedral camp, where over fifty young persons are passing the summer. The camp is in charge of priests from the Burlington cathedral.

Mr. and Mrs. B. W. Goodfellow, who were recently married, returned to the city last evening from Lake Averill, where they have been passing a week. Previous to visiting at Lake Averill, Mr. and Mrs. Goodfellow toured through the White mountains. They will reside on East street.

George Landers, proprietor of the Landers Cigar emporium, has completed arrangements for the installation of a score board at his stand that will daily announce the results of the big league baseball games. The board, which will measure 10 feet by 4 feet, is now being installed. On Monday the board will be used for the first time. The service Mr. Landers has secured called for results of games, runs, hits, errors and batteries.

Edward Bruce, who has been managing the Barre band for the past two seasons, resigned his position with the band on Monday night. At the regular meeting of the band last evening, Sherman Parker was unanimously chosen to manage the affairs of the band. Mr. Bruce has given efficient service during his term as manager, but was obliged to resign owing to business matters. Mr. Parker has acted in a similar capacity for the band and will undoubtedly give good service.

Selim Habbab, the 14-year-old son of Hider Habbab, who was stepped on by a horse Thursday afternoon, had a good night at the City hospital and was reported this morning to be resting well. When the boy told his story of the affair, he said he went into the stall and as he was stooping over near the horse the animal lifted one leg and hit the boy enough to knock him over, after which the horse backed out of the stall and stepped on the prostrate youth. It seems that the horse did not kick the boy, being a gentle animal.

The Clintons, a newly organized baseball club, was forced to bow its head for the first time at Graniteville last evening, when the fast travelling Graniteville A. C. team administered a humiliating defeat. By mutual consent the curtain was pulled over the field at the close of the sixth inning in order that spectators might seek shelter from an approaching cloudburst. Manager Merlo sent McAdam, a former Fitchburg man, to open the game. McAdams lacked control and withdrew in favor of Tomasi. Tomasi was "dericked" and Scampini replaced him. Difficult running catches by L. Wright featured the game. Jimmy Williams "heaved" for the winners, twirling fair ball. Fast fielding behind him staved off many runs. The two teams are expected to clash again in the near future.

## The Month of Sales

This is the time of the season when every house is making extra efforts to get their stock reduced to the lowest point possible. All who want summer materials or goods made up can get them at a good saving. We are putting prices on all summer merchandise that we are positive will clean our stock up before the fall goods come in. Here are Dress, Suit and Coat values that you cannot afford to let pass if you are in need of such goods. In the Wash Goods stock are many exceptional values, that we are selling at much reduced prices.

### Ladies' White and Colored Dresses

We have a few very good values left from our Muslin and Linen Dress sale. These are Dresses in all qualities to sell at prices that are exceptionally low.

At 98c is a Dress that is made from a good quality fine dimity, is a good value at double the price, colors blue, tan, green and pink.

At \$1.50 are what there are left of the special values which we sold the first of the week at \$2.00. These are Dresses that are worth much more than \$1.50.

At \$2.98 are what we have left in Linen and fine Muslin Dresses that originally sold at from \$5.00 to \$20.00 each. Here are some of the best values you were ever privileged to see. You could not buy one-fourth of the lace that is in some of them at the price, \$2.98. See these values.

### Ladies' Rain and Military Coats

We have just got in a large lot of those popular Rain Coats that we are putting out at prices that are very cheap.

At \$2.98 we are putting out a good Cloth-Face Rubber Back Coat that is guaranteed all right. These are not a rubber face coat that will look bad as soon as you wear it a couple of times, but is a good, clean serviceable Coat.

At \$3.98 is a new fine quality Rain Coat that is an extra good value; is a regular \$5.00 Coat.

At \$3.98 is a Black and White Rubber Faced Coat that is a regular \$5.50 Coat. Now \$3.98.

At \$5.75 we are putting out a Cloth Cravated Coat in blue, olive and black shades. This is a Coat that does not have any rubber about it and still it is guaranteed not to wet through. This is a special at \$5.75. Fully warranted.

We have just received a large shipment of Ladies' Umbrellas, that we consider of an extra value. We can give you the best value in an Umbrella you ever bought at \$1.00 and \$1.50; in the better grades up to \$5.00 you will find just what you want. Remember those Suit values we are putting out at this time.

### TALK OF THE TOWN

See those new umbrellas at Abbott's.

St. Albans carries with them a list of prominent baseball players. They have always put up stiff games and are expected to this afternoon.

Mrs. C. A. Heath and Mrs. Charles Sibley left to-day for Colchester, where they will visit at the former home of Mrs. Sibley.

George Webster of Pearl street returned this morning from Hardwick, where he has been passing a few days with friends.

Be sure to see Hatch, the veteran pitcher, who was formerly with Brown university and the Northern league, in action against the Barre club at Inter-city park this afternoon.

George Richardson of the Montpelier road returned this week from Rome, N. Y., where he has been undergoing treatment at a sanatorium for the removal of cancerous growth. He was accompanied on the trip by William Quinlan of this city.

Work was started to-day on the installation of a gas main from North Main street up Berlin street as far as the railroad crossing near John's bakery. About ten men in the employ of the People's Lighting, Heating & Power company are engaged on the work, which is expected to take about a month or five weeks. Probably later, this gas main will be extended farther along the street.

Although handicapped by the failure of concrete mixers to appear, the Daniel O'Connell & Co., contractors, are making favorable progress in constructing the new strip of pavement on North Main street. Workmen in the employ of the concern have been excavating on the east side of the street for two weeks and have completed that part of the work almost to the Cleary store. With the assistance of supervising engineers from the city engineering office, almost 150 feet of rail of the Barre and Montpelier Traction company has been laid. These rails are supported on ties embedded in six inches of concrete. While the rails are being laid, portions of the track are left so that one is required to walk considerable distance to make car connections. During the temporary absence of the cement mixers it is necessary for the workmen to work the cement by hand, thus hampering the rapid progress of the work. The mixers are expected to be in place on the scene of work by the first of the week.

A Collateral Drawback.

"How do you stand the heat?"

"Much better," replied Mr. Growcher, "than I can stand the man who insists on talking about it."—Washington Star.

### Cistern Filters Do Not Remove Germs.

Cisterns that are properly constructed and receive rain water from roofs generally afford water of good sanitary quality, but if water of doubtful quality is stored in cisterns the supply is of course not safe for domestic use. Filters used in connection with cisterns are of value in making the water clear but are generally of no value in removing disease germs. Many cisterns are divided into two parts by a brick wall, the water being admitted into one compartment and drawn from the other. In such cisterns the water passes through the brick and in that way is improved in clearness and color, but not generally in sanitary quality.—(U. S. Geological Survey.)

### Steady Increase in Colorado Coal Production.

Coal mining as an industry in Colorado began in 1864, when a production of 500 short tons was recorded. In 1876 the production reached for the first time a total exceeding 100,000 tons, and six years later, in 1882, it had reached the million-ton mark. Since that date the increase has been almost uninterrupted. The production exceeded 3,000,000 tons in 1890; 10 years later it had grown to over 5,000,000 tons, and in 1912 it exceeded 11,000,000 tons, but in 1912 it fell just below the 11,000,000 ton mark.
